

LONDON BUS MEN STRIKE.

Tip May Lead to General Walk-
Out of Transit Workers.

LONDON, Sept. 19.—Not a single man or woman conductor employed by the Tilling Omnibus Company, whose action in refusing to recognize the new union is likely to bring about a general strike of transport workers in London, went to work today, and many of the motorbuses running from the south to the north of London, which are chiefly supplied by the Tilling company, were entirely suspended, causing great inconvenience. A few of the old horse omnibuses were put on the streets for the first time in several years.

There was no disturbance of any kind in the vicinity of the motorbuses, around which the striking men gathered in groups, determined to hold out and waiting for their comrades employed by the other companies to join them at midnight to-night unless their demands should in the meantime be acceded to by the employers.

Practically the entire press of London supports the men in their demands, and many of the newspapers declare that the point in regard to the wearing by the men of the badges of their trades unions should never have been raised, and that the Tilling Company has made another blunder.

WATCHES GIVEN FIRE HEROES

Kelly and Pratt of Imperial Fume
May Be Decorated by Kaiser.

Among the firemen of the fire department of the city of New York, Kelly and Pratt, who were in command of the first boat Thomas Willett on the day of the fire in the Imperial Fume Company, in Lower Broadway, and there each was presented with a handsome gold watch and chain. Each watch bore an inscription saying that it was presented to the recipient for bravery in the fire on the Imperial.

Kelly and Pratt took command of the fire upon their arrival and were the men who fought their way down into the hold through the flames and smoke and brought the body of Second Mate Gohrbe to the deck. The presentation was made by Vice-Director Meyer of the company in a very laudatory speech. He intimated that the brave men might also be decorated by the Kaiser.

Had Handwriting Profitable.
From the London Chronicle.
Had handwriting may sometimes prove advantageous, as Lord Curzon once found when he was a young man.

at college. Writing two letters, one to a relative, the other to a friend, he placed them in the envelopes. Discovering the mistake when too late, he was afraid, for the friends' letter contained a reference to the relative with which

"CASCARETS" IF CONSTIPATED, SICK, HEADACHY, BILIOUS—DIME A BOX

Turn the rascals out—the headache, biliousness, constipation, the sick, sour stomach and foul gases—turn them out to-night with Cascarets.

Don't put in another day of distress. Let Cascarets sweeten and regulate your stomach; remove the sour, undigested and fermenting food and other misery-making gas; take the excess bile from

your liver and carry off the decomposed waste matter and constipation poison from the bowels. Then you feel great. A Cascaret to-night will straighten you out by morning—a 10-cent box from any drug store will keep your head clear, stomach sweet, liver and bowels regular and make you feel bulky and cheerful for months. Don't forget the children.

Take Life Easy

You often see a man or woman rushing here or there in wild abandon. Asked "What's the trouble?" and as like as not they will explain they are looking for a more comfortable house or apartment in which to spend the cold Winter months. Not so with the gentleman depicted above. No, sir—not at all! With a copy of The World at hand he leisurely scans the hundreds of "To Let" ads. It presents and selects the residential or business place he seeks as calmly and coolly as the moon looks down on a frosty night.
